## **Your eVoting Solution Services Provider:**

ISI is a services company that provides eDemocracy solutions to government at all levels, political parties, unions, associations and other organizations that are required to regularly conduct elections, ratification votes, representation votes and surveys. ISI provides full support throughout client events while providing the event officials with a variety of results reports following the close of voting. With this cost effective solution, ISI's customers get everything they will need to run an event without having to invest in any hardware or software.

Intelivote's eVoting solution has been used in union ratification and agreement votes in over 100 different events by clients such as the United Steelworkers, various locals of the IBEW, the Canada Council of Teamsters, the Canadian Flight Attendants Union, Nav Canada, Union of BC Performers, Association of Canadian Financial Officers, the Elementary Teachers of Toronto, the Canadian Actors' Equity Association, the Canadian Merchant Services Guild, Nova Scotia Government Employees Union, Nova Scotia and New Brunswick Nurses Unions, and many other unions and associations who required voting features including voter anonymity, maximum security, and cost effective eVoting capabilities to enable to all their eligible members.

**Whether at home, work,  
or on the move,  
Intelivote's eVoting  
system can be used  
anywhere in the world.  
Whether voters are up at  
5:00 am or home at  
midnight, the system is  
available 24/7 allowing  
voters to eVote when it's  
convenient for them.**

*Intelivote Systems Inc.* is a Canadian-based industry leading electronic voting company dedicated to empowering voters by providing a choice of how to cast their ballots. ISI's Internet, telephone and wireless voting system was created to address the demand for a more convenient, and flexible way to coordinate an election.
